

Paddle Power 2016

Last year we set an all time record of greater than 100 paddlers congregated right here on Otty Lake!! Participants across three generations arrived in canoes, kayaks and stand up paddle boards.

Our location changes to encourage paddlers from all areas of the lake to participate in this fun event. In 2013 and 2014 we met between the shores of Maple Glen and Clover Leaf Island, in the northeast portion of the lake. In 2015 we congregated off of Hazard Island in the southwest portion of the lake. This year's location will be on the Tay Valley and Drummond North Elmsley township line, or roughly off Code's Island and just northeast of the channel islands. This central location should allow us to reach an all time record of paddling participants!!
